Story of Us- Deluxe Photo Montage

What to bring to us

Photos

Have all photos numbered on the back in the exact order that you would like them to appear. If you don't want to mark on your photos, *Post-It Notes* on the back work great. If all Photos are provided to us in a digital format, a 10% discount will be applied to the final cost.

Video

Filmed as an interview, the bride and the groom will share how they met each other. This video will be edited in with the photos submitted. This will need to be filmed no later than two weeks before the ceremony.

Music

Music needs to be provided by each client. Because of copyright laws, we are not able to do this for you. If a client does not own a particular song desired, we can purchase it on your behalf for an additional fee. All songs must be submitted on CD or in Mp3 format.

Captions

All captions need to be specified at the time of drop off, so you will need to think about these messages ahead of time. Captions can be a title, a special message, dates, quotes, etc and placed wherever desired. They are best used as transitions from one subject of photos to another. Typically two of the four captions are used at the beginning and the end of the Montage as an introduction and best wishes. If you are not sure what to say, we can help you.

Story of Us-Photo Montage can be added to a Basic package for \$300.
